

A.—Sri H. K. VEERANNA GOWDH (Minister for Public Works and Electricity).—

(a) Yes. The estimates are under scrutiny of the Mysore State Electricity Board.

(b) The question of power supply to Serum Taluk will be taken up when 110 kV line is extended from Munirabad to Shahabad and a sub-station is installed at Shahabad. It is scheduled to be completed by the end of 1962.

(c) The work of extension of 110 kV line is being executed. Distribution work in connection with the electrification of villages will be ready by the time the line and sub-station are commissioned.

Sri J. P. SARWESH.—Is it not a fact that the ex-Hyderabad Government approved this Munirabad scheme of extending the 100 KV line to Shahabad and the reasons for such prolonged delay.

†Sri H. K. VEERANNA GOWDH.—Now that area is within the jurisdiction of the Mysore State. The Mysore State Electricity Board has to do it. The line is being drawn and a sub-station at Shahabad is being constructed. It may take some time before the whole thing is completed and power will be supplied. Both, the construction of the sub-station and drawing of lines should be completed.

Sri J. P. SARWESH.—To how many villages does the Shahabad Sub-station supply power Sir?

Sri H. K. VEERANNA GOWDH.—The number of villages to be served by that station has to be obtained if necessary. It is not here with me.

ಶ್ರೀಮತಿ ಅನ್ನಪೂರ್ಣಬಾಯಿ ರಾಗಚಿ.—(ಸಿ)ಗೆ ಉತ್ತರವಾಗಿ ಸದರಿ ಗ್ರಾಮಗಳಿಗೆ ವಿದ್ಯುದ್ದೀಪಗಳನ್ನು ಪೂರೈಸುವ ಸಂಬಂಧವಾದ ಹಂಚಿಕೆಯ ಕೆಲಸವು ಸಿದ್ಧವಾಗುವುದು ಎಂದು ಹೇಳಿದ್ದೀರಿ. ಅಂದಮೇಲೆ ಇದುವರೆಗೆ ಎಷ್ಟು ಹಳ್ಳಿಗಳಲ್ಲಿ ರಿಸರ್ವೆ ಕೆಲಸವಾಗಿದೆ?

ಶ್ರೀ ಎಚ್. ಕೆ. ವೀರಣ್ಣಗೌಡ.—ಶ್ರೀಮಾನ್ ಸರ್ವೇಶ್ ಅವರು ಕೇಳಿದ್ದು ಅಷ್ಟೇ ಅದರ ಇಷ್ಟೇ ಗ್ರಾಮಗಳಲ್ಲಿ ರಿಸರ್ವೆ ಕೆಲಸವಾಗಿದೆಮೆಂದು ಹೇಳಲಕ್ಕೆ ನನ್ನಲ್ಲಿ ಈಗ ಅಂಕಿ ಅಂಶಗಳಿಲ್ಲ.

#### DELAY IN THE WORK OF FORMATION OF HOLENARASIPUR-KERALAPUR ROAD.

\*Q.—1017. Sri Y. VEERAPPA (Holenarasipur).—

Will the Government be pleased to state:—

(a) whether it is not a fact that the formation of Holenarasipur—Keralapur road is pending for over ten years and this delay has caused great hardships to nearly twenty to twenty-five interior villagers;

(b) whether it is not a fact that the present P.W.D. Minister orally instructed the Executive Engineer, Hassan Division, during

(Sri Y. VEERAPPA)

his visit to Hariharapura and Holenarasipur to take up the work immediately ;

(c) if so, the action that has been taken by the said Executive Engineer so far ;

(d) whether they will give directions to the concerned authorities to take up this road immediately and afford road facilities to the villagers ?

A.— Sri H. K. VEERANNA GOWDH (Minister for Public Works and Electricity).—

(a) The work is stopped for about 7 years.

(b) Yes.

(c) and (d) Under consideration of Government.

Sri Y. VEERAPPA.—Sir, under what scheme this road was taken up and what is the length of the road and what is the specific reason for its non-completion?

†Sri H. K. VEERANNA GOWDH.—This is a very old and long story Sir. It was proposed to be constructed some 10-11-12 years ago and for seven years, the work was stopped. The work was taken up under the distress relief and when the funds under that head were exhausted, the work was stopped. There was a Government Order later on that there must be 17,000 of village contribution. The villagers did not pay and so the work was stopped. Once again it was taken under distress relief. In any case the villagers contribution was not made available. Therefore the work could not be proceeded with. Now that account will be closed and it will be taken up afresh. New contract will be fixed and the work will be taken up under rural communication. This in short is the story of this road Sir.

Sri Y. VEERAPPA.—Any how, I am glad that the Hon'ble Minister has revealed the history behind it. May I know that on account of the persistent interference of a certain contractor, this work is delayed inordinately?

Sri H. K. VEERANNA GOWDH.—Contractors some times to claim higher rates and even they stop work. It may be a fact. But the fundamental thing was the required amount from all the four or three parties did not come and was not available. Therefore the work had to be stopped.

Sri Y. VEERAPPA.—It is absolutely wrong. I am confident that the villagers volunteered to contribute their quota as required. But on account of the leathergy of the Government and the Department, the work was put off.

**Sri H. K. VEERANNA GOWDA.**—That may be his impression. I am speaking from records. The records say that the villagers did not pay their contribution. Then the Government went further and said that they may contribute through labour. Even that was not forth coming according to papers before me. Then the Government said, give it to some contractor who would do the work less 17,000 representing the villagers contribution. The contractor had agreed to do this. There was difficulty with regard to others. The distress relief fund was exhausted. For various reasons, this work was completely stopped for seven years. After I visited this place, I have instructed the Engineers to close down this account completely and take it up afresh under rural communication. Now, action is being taken by the Executive Engineer to close the whole account and take up the work afresh and fix up some agency and take up the execution of the work.
